

THE STATE CAPITAL.

The New York Politicians Watching
Metropolitan Legislation.

JOHN KELLY'S MANIPULATION

Senator Fox and the New Fifth Avenue
Pavement Bill.

THE BEECHER AND TILTON JURY BILL.

ALBANY, April 22, 1875.

All the leading politicians from New York are here still. Mr. John Kelly, accompanied by Mr. William A. Boyd, General Spinola, Colonel John R. Fellows and others, has his headquarters at Congress Hall. The republican leaders are also on hand. Rumors fly thick and fast as to future political movements regarding the New York charter. The Tammany Hall people believe in being on the ground to oppose and circumvent any efforts at unfavorable legislation. It would be an easy matter, with the present discordant feelings among legislators, to pass amendments materially affecting the interests of one political organization or the other.

CONTRACTORS' CHARGE LOSSLISTIC.

A slight breeze was created to-day in the election from the door of the house of Mr. Charles A. Gowen, Comptroller Greul's legislative representative. Gowen has been exceedingly active during the session, watching political manœuvres and reporting his observations at headquarters. To-day Mr. T. C. Campbell moved the enforcement of the six-seventh rule, which excludes all strangers from the floor. Gowen was present at the time and had to leave. Speaker McCue, however, immediately afterward granted a pass to Gowen for the balance of the session, and he turned up in the evening as fresh as ever. Gowen to-night intimates that this ejection originated at the suggestion of Mr. John Kelly, and threatens dire vengeance in consequence.

THE MARINE COURT.

Senator Robinson, from the Judiciary Committee, to-day reported adversely the bill increasing the jurisdiction of the Marine Court. There is now little chance of its passage.

SHERIFF CONNER'S BILL.

Sheriff Conner's bill, which was also reported adversely by the same committee, still lies upon the table.

STEFENSON ISLAND.

A message was received in the Assembly from the Governor, recommending the appointment of a commission to survey and fix, under the direction of the United States Coast Survey Board, the eastern line of Stefenson Island.

DEAL AWARDS.

Mr. Moore introduced a bill "To prevent the turning of dead animals into merchandise, by the corporate bodies of New York, and the incorporation of the 'dead' into the living." There is little objection to this section, but the second section provides that this law shall not apply to any companies already in existence. It is intimated that this measure aims to prevent the construction of proposed abattoirs at the foot of Forty-second street.

FIFTH AVENUE PAVEMENT.

Senator Fox to-day introduced a bill for the replacement of the half-past seven of the pavements of Fifth Avenue from the southern side of Fourteenth street to the northern side of Nineteenth street. The pavements are to be laid with any kind of stone blocks deemed suitable for use, which shall have had five years' use upon some part of the streets in the city. The work is to be done by contract entered into by the Department of Public Works. One-half of the expense is to be borne by the city and one-half by the property owners. The bill provides that the remaining portion of the cost be paid in monthly installments, and the remaining per cent within thirty days after the completion of the work.

A PUBLICATION QUESTION.

Senator Green introduced a bill directing the Clerk of the Common Council to publish a notice of the municipal positions to be filled during each year. The Secretary of State has no notice of this bill.

JURORS AND LONG TRIALS.

The bill to provide for the payment of jurors in protracted trials was up before the Assembly to-day.

Mr. Alford said he would much rather vote for the bill as "A bill to provide for the payment of the jurors in the Beecher trial." The bill passed the Assembly--39 to 1.

The "General Sessions" bill providing for an additional judge slightly amended so as to conform to the requirements of the constitution, was passed by the Assembly by a unanimous vote.

THE PROCEEDINGS

SENATE.

ALBANY, April 22, 1875.

Mr. Robinson, from the Committee on the Judiciary, reported favorably on the following bills:

To amend the charter of the society for the Care of Deaf and Dumb Children in the City of New York.

To increase the efficiency of the Courts of Sessions of the peace in the city and county of New York.

Mr. Kiss, from the Committee on Commerce, reported favorably on the bills relative to sea walls, breakwaters, piers and warehouses in the city of Brooklyn.

Regulating the use of slips, wharves and piers in the city of New York.

Also adversely on the bill amending chapter 322 of the laws relating to encroachments and obstructions in the harbor of New York. Agreed to.

Mr. Robinson, from the Judiciary Committee, to whom was referred the bill unconstitutional, reported that the Clerk of the Court of Appeals and the Presiding Justice of the General Term had voted to sustain the bill.

The court thus proposed to be created was unknown to the constitution.

Mr. Moore, it is said, had expressed his willingness to have the constitutionality of his bill submitted to the Judiciary Committee. He did not do so, however, and all agreed that it was important that some bill should pass. He did, however, consider the bill unconstitutional, and it was agreed that the bill should be referred to the Committee on the Constitution.

The bill, it is said, was introduced into the Senate by Senator Green, and it was agreed that the bill should be referred to the Committee on the Constitution.

The bill was referred to the Committee on the Constitution.
